'MAKING AND ANALYZING OF QUESTIONNAIRE'

Resource person: Mrs. Shailaja Rane

Participants: 47 participants(From SY and TY BSc LSC)

K.C College Department of Life Science's, under the aegis of DBT Star Status Organized a session. It was 4th successful session of Q-RIUS series. Titled 'Making and Analyzing of Questionnaire' was organized on 5th of September 2020 at 2.30pm on Zoom Platform. The Resource person of the session was Mrs. Shailaja Rane Dept. of Statistic K.C College. She also has been invited as a resource person in many department at K.C College.

The webinar began with a welcome address by Dr. Sagarika Damle, HOD of Life Science's department. Mrs. Shailaja Rane started the session with introduction of types of questionnaire and also explained the advantages and dis-advantages of it. During the session, she explained the importance of pilot study, and basic steps of pilot testing. She had also explained us about internal consistency, reliability and various test re-test reliability. We also had Question & Answer session at the End. She gave a particular idea to each group on how to process their research with that she also explained how to process and analyze a survey based research. It was a successful and interactive session on the occasion of Teacher's Day. All the teachers imparted us with great knowledge. Aditi Pal, Sara Baig, Janvi Rabhadia, Aman Singh, Shifa Shaikh, Abdul Fatah; students of SYBSc Life Science's volunteered the session.
